

## NDI-3703-AL Fixed dome 5MP 3.3-10.2mm IR FLEXIDOME indoor 3100i IR

The FLEXIDOME indoor 3100i IR is a versatile camera for general indoor surveillance monitoring. The 5MP sensor, along with an integrated varifocal lens, support a sharp and detailed image with a flexible field of view. With added IR functionality, the camera is able to function even in scenes where ambient lighting is not always available.

The device features built-in IVA Pro Buildings, bringing highly reliable deep learning-based detection which only triggers relevant alarms. The device is also secured with TPM (Trusted Platform Module) functionality, ensuring safe storage of all certificates and keys needed for authentication and encryption.

The camera design snaps on without visible screws, making installation fast and easy. An extensive range of compatible accessories enables various mounting options.

## Functions

## High Dynamic Range

The camera has High Dynamic Range. This is based on a multiple-exposure process that captures more details in the highlights and in the shadows even in the same scene. The result is that you can easily distinguish objects and features, for example, faces with bright backlight.

Intelligent Video Analytics Pro (IVA Pro Buildings)

The camera comes with the IVA Pro Buildings preinstalled and brings reliable deep-learning based detection and tracking of persons and vehicles.

- ▶ 5 MP for highly detailed images
- IVA Pro Buildings brings reliable deep-learning based detection of persons and vehicles
- High Dynamic Range (HDR) to see every detail in both bright and dark areas of the scene
- Built-in Secure Element with Trusted Platform Module (TPM) to ensure the highest level of security for device access and data transport
- Click mechanism making installation fast and easy

Being resistant to false triggers caused by challenging environments with rain, wind (moving trees), snow, hail, and water reflections as well as shadows and bugs, it detects, tracks, and classifies objects.

A smart set of alarm and counter rules alerts you when predefined alarms are triggered, and enables forensic search with high efficiency though recordings. Configuration effort is minimized and made easy by removing the need for calibration.

## Intelligent streaming

Smart encoding capabilities, utilizing video analytics, reduce bandwidth consumption to extremely low levels. Only relevant information in the scene, such as motion or objects found through analytics, needs to be encoded. The camera is capable of triple streaming, allowing it to deliver independent and configurable streams for live viewing, recording, or remote monitoring via constrained bandwidths. Each of these streams can be adapted independently to deliver high-quality video, perfectly tailored to purpose, while reducing bit rate by up to 90% compared to a standard camera.

## Modular accessories

A full line of modular accessories is available, which allows a consistent design across different cameras and a wide range of installation possibilities. Available options include wall or pipe mount, an SMB with 4S and conduit support, and a compact L shape wall mount.

#### Edge recording

Insert a memory card into the card slot to store up to 2 TB of local alarm recording. Pre-alarm recording in RAM reduces recording bandwidth on the network, and extends the effective life of the memory card. It has advanced edge recording providing a reliable storage solution possible due to the combination of these functions:

- Industrial SD card support allows for extreme lifetime
- Health monitoring of industrial SD cards provide early service indications.

#### **DORI coverage**

DORI (Detect, Observe, Recognize, Identify) is a standard system (EN-62676-4) for defining the ability of a person viewing the video to distinguish persons or objects within a covered area. The maximum distance at which a camera/lens combination can meet these criteria is shown below:

#### 5MP camera with 3.3 mm to 10.2 mm lens

DORI	DORI definition	Distance 3.3 mm / 10.2 mm	Horizontal width
Detect	25 px/m	42 m / 193 m	104 m
	(8 px/ft)	(139 ft / 633 ft)	(340 ft)
Observe	63 px/m	17 m / 77 m	41 m
	(19 px/ft)	(55 ft / 251 ft)	(135 ft)
Recognize	125 px/m	9 m /39 m	21 m
	(38 px/ft)	(28 ft / 127 ft)	(68 ft)
Identify	250 px/m	4 m / 19 m	10 m
	(76 px/ft)	(14 ft / 63 ft)	(34 ft)

## **Easy installation**

Power for the camera can be supplied via a Powerover-Ethernet compliant network cable connection. With this configuration, only a single cable connection is required to view, power, and control the camera. Using PoE makes installation easier and more cost-effective, as cameras do not require a local power source.

#### **Data security**

Special measures have been put in place to ensure the highest level of security for device access and data transport. The three-level password protection with security recommendations allows users to customize device access. Web browser access can be protected using HTTPS and firmware updates can also be protected with authenticated secure uploads. The cameras have built-in Secure Element (SE) hardware providing main Trusted Platform Module (TPM) functionality to ensure the highest levels of data security and privacy protection. Together with Public Key Infrastructure (PKI) support, superior protection from malicious attacks is guaranteed. The cameras also support RSA encryption key lengths of up to 4096 bits, ensuring data safety beyond 2030, as well as 802.1x network authentication with EAP/ TLS. The advanced certificate handling offers:

- · Bosch origin device certificate pre-installed
- Self-signed unique certificates automatically created when required
- Client and server certificates for authentication
- · Client certificates for proof of authenticity
- · Certificates with encrypted private keys

## **Bosch Remote Portal**

With the secure cloud infrastructure, Remote Portal, you can manage your connected Bosch devices. From the Remote Portal you can:

- Complete initial configuration of your connected Bosch devices (online or offline).
- Update firmware for single or multiple devices.
- Manage certificates.
- Monitor the health of your connected Bosch devices.

## System integration and ONVIF conformance

The camera conforms to the ONVIF Profile S, ONVIF Profile G, ONVIF Profile M, and ONVIF Profile T specifications. For H.265 configuration, the camera supports Media Service 2, which is part of ONVIF Profile T. Compliance with these standards guarantees interoperability between network video products regardless of manufacturer.

Third-party integrators can easily access the internal feature set of the camera for integration into large projects. Visit the Bosch Integration Partner Program (IPP) website (ipp.boschsecurity.com) for more information.

3	Installer UX label

## **Technical specifications**

## Electrical

PoE input	PoE IEEE 802.3af / 802.3at Type 1, Class 3
Power consumption PoE (W) (typical – maximum)	4.5 W - 7.9 W

## Sensor

Total sensor pixels	5 MP approx.
Sensor type	1/2.7 inch CMOS
Effective pixels (H x V)	2,592 x 1,944

## Sensitivity

Color (Ix) (sensitivity measured ac- cording to IEC 62676 Part 5)	0.14 lx
Monochrome (lx) (sensitivity meas- ured according to IEC 62676 Part 5)	0.03 lx
Minimum illumination with IR (lx) (sensitivity measured according to IEC 62676 Part 5)	0 lx

## Dynamic range

High Dynamic Range (HDR) (dB)	120 dB
Optical	
Lens focal length (mm)	3.3 mm - 10.2 mm
Lens aperture (/F)	1.6 /F – 3.29 /F
Iris control	DC-iris
IR corrected	Yes

Day / Night	Switchable IR-cut filter
Zoom/focus control	Motorized
Horizontal field of view (°)	101.4° - 30.1°
Vertical field of view (°)	69.6° – 21.8°
Video functions	
Day/night modes	Auto (adjustable switch points); Color; Monochrome
Camera functionality	Mirror image; Rotation 90°; Rotation 180°; Rotation 270° including up- right mode; Backlight compensation (BLC); Sharpness enhancement; In- telligent defog; Pixel counter; Satur- ation; Brightness; Video watermark- ing; Display stamping; Location
White balance (K)	2,000 K – 10,000 K
White balance modes	Basic; Standard; Manual mode; Hold mode; Sodium lamp auto
Shutter modes	Automatic Electronic Shutter (AES); 1/15,000 max; Default shutter; 1/25 [30] min
Number of privacy masks	8
Video streaming	
Video compression	H.264 (ISO/IEC 14496-10); M- JPEG; H.265/HEVC
Streaming	Multiple configurable streams in H.265; H.264 and M-JPEG; Config- urable framerate and bandwidth; Bosch Intelligent Streaming
Camera processing latency	<120ms
GOP structure	IP
Frame rate (fps)	1 fps – 30 fps
Video signal-to-noise ratio (dB)	>55 dB
Video resolution (H x V)	5MP (4:3), 2592 x 1944, to 0.1MP (4:3), 320 x 240 3.8MP (16:9), 2592 x 1456 to 0.1MP (16:9), 512 x 288

## **Ordering information**

#### NDI-3703-AL Fixed dome 5MP 3.3-10.2mm IR

Fixed dome camera for indoor 30 fps surveillance; 5MP resolution; IVA Pro Buildings; 3.3-10.2 mm lens; IR; NDAA compliant Order number **NDI-3703-AL** 

#### Accessories

# NDA-3083-SMB SMB with 4S and conduit support, 137mm

Surface mount box for FLEXIDOME indoor 3100i, FLEXIDOME indoor 3100i IR and FLEXIDOME outdoor 3100i IR cameras with 4S and conduit support, 137 mm Order number **NDA-3083-SMB** 

# NDA-3083-PLEN In-ceiling plenum kit for FLEXIDOME 3100

Plenum-rated in-ceiling mount kit for FLEXIDOME 3100i Order number NDA-3083-PLEN

# NDA-3083-LWMT L-shape wall mount for FLEXIDOME 3100i

L-shaped wall mount support for 4S and gangbox for FLEXIDOME indoor 3100i, FLEXIDOME indoor 3100i IR FLEXIDOME outdoor 3100i IR, FLEXIDOME micro 3100i indoor, FLEXIDOME micro 3100i outdoor, FLEXIDOME indoor 5100i, FLEXIDOME indoor 5100i, FLEXIDOME indoor 5100i IR, FLEXIDOME outdoor 5100i, FLEXIDOME outdoor 5100i IR

Order number NDA-3083-LWMT

## NDA-3083-PIP Pendant interface plate FD 3100i

Pendant interface plate for FLEXIDOME indoor 3100i, FLEXIDOME indoor 3100i IR and FLEXIDOME outdoor 3100i IR cameras

Order number NDA-3083-PIP

NDA-3083-TBLV Bubble, tinted, FD3100i indoor Tinted bubble for FLEXIDOME indoor 3100i cameras Order number NDA-3083-TBLV

NDA-3083-BH Black housing FLEXIDOME indoor 3100i Black housing for FLEXIDOME 3100i indoor cameras Order number NDA-3083-BH

NDA-MCBNC-01M Analog cable, BNC connector 0.1 m (0.3 ft) analog cable to BNC (female) for connecting a camera to a coaxial cable Order number NDA-MCBNC-01M

NDA-U-WMT Pendant wall mount Universal wall mount for dome cameras, white Order number NDA-U-WMT

NDA-U-WMTG Pendant wall mount, gang box Universal wall mount, compatible with gang box installation for fixed dome cameras only, white Order number NDA-U-WMTG

NDA-U-PMT Pendant pipe mount, 12" (31cm) Universal pipe mount for dome cameras, 31 cm, white Order number NDA-U-PMT

**NDA-U-PMTE Pendant pipe extension, 20" (50cm)** Extension for universal pipe mount, 50 cm, white Order number **NDA-U-PMTE** 

NDA-U-PMTS Pendant pipe mount, 4" (11 cm) Universal pendant pipe mount for dome cameras, 11 cm (4"), white Order number NDA-U-PMTS

NDA-U-PMAS Pole mount adapter small Pole mount adapter small Universal pole mount adapter, white; small. Order number NDA-U-PMAS

NDA-U-PSMB Pendant wall/ceiling mount SMB Surface mount box (SMB) for wall mount or pipe mount. Order number NDA-U-PSMB
